September 30, 2003

5:00 – 7:00 p.m. CDT

The Kentucky Transportation Cabinet (KYTC) would appreciate your comments and ideas on a planning study for a proposed project to reconstruct or relocate US 641 from Eddyville in Lyon County to Fredonia in Caldwell County. The northern end would connect with a new US 641 improvement from Marion in Crittenden County to just north of Fredonia. The southern end could intersect with one of the following roads: (1) US 62 at the same or a different location, (2) I-24, or (3) the Wendell H. Ford (Western Kentucky) Parkway.

As part of this study, your input can help us better understand transportation needs, where problems exist, where the route should go, where it should connect near Eddyville, and potential project issues and impacts.

Please return this form to a Transportation Cabinet representative before leaving the meeting, or request a self-addressed envelope to return the questionnaire by mail no later than two weeks after the meeting date.
